Understanding Your Taxes and Fees

Many of the taxes and fees posted on your phone bill can be confusing. That's why we created this helpful guide to explain what we collected from you. Federal, state and local governments require telephone phone companies to collect a variety of taxes. On top of that there are charges on your bill which are not government mandated charges. These amounts vary by county and municipality where you have phone service. To make things more confusing, the fee names and amounts are why Cavalier created this guide to help explain things. It's part of the Cavalier difference. Hope it helps.

Taxes

A federal tax levied on consumers for the use of certain taxable local telecommunications services.

Each state, county and municipality has special taxes that every telecommunication provider is required to collect on their behalf.

An additional charge to be applied to the customer's bill for telecommunication services. This charge is not a tax but an additional fee that has been approved by the appropriate regulatory body.

Line Details:
This section lists all monthly line charges and features billed during the service period for each individual phone line. Note that you are billed in advance for a full month.

Taxes & Fees:
Federal, state and local governments require telephone companies to collect an assortment of fees and taxes. These amounts may vary depending upon state, county and municipality where you have service. To help you understand these charges, we have separated taxes and fees into separate billing sections and added an explanation of the individual taxes and fees.
